

## Former Alumni President Reflects On His Tenure

Congratulations to all our undergrads for “topping off” a very successful 2006-2007! DU cleaned up at the Greek Awards event in April, winning a record six awards, including the Outstanding Chapter Award and the Outstanding Contribution to the IFC Award.

We have become one of the most diverse and well-respected chapters on campus—the only one to have all of the following: resident adviser; faculty adviser; alumni suite; IFC leadership; very good academics; and the *best* alumni support!

Our appreciation and thanks to everyone—especially Randy Shayler '07, undergraduate president, and all the chapter officers for providing terrific leadership throughout the year.

Our alumni association is thriving and has been recognized as the best in North America by DU International two years in a row. The current issue of the *DU Quarterly* features us in a full-page article. (See [deltau.org](http://deltau.org), Resources, *Quarterly*, page 10.) I was asked to present our approach recently at the DU top-management meeting in Chicago, and our ideas were well received.

I've really enjoyed being president of the alumni association for the past seven years.

It's been a terrific opportunity to be involved and to work with a great group of DUs, both undergraduates and alumni. It truly has been a team effort! The timing is right for a new DUAA president.

I am pleased to announce Randy Shayler '72 has been elected as our new DUAA president. During the past four years, Randy has been actively engaged with the alumni and undergraduates in retreats, Homecoming, new member dinners, initiations, reunion receptions, recruitment, and other activities. Randy is very well qualified and will be a great president.

Mark Clemente '73 was also elected to succeed Bob Verna '68 as our treasurer. Again, we all owe Bob our heartfelt thanks and appreciation for his 25-plus years as treasurer and his “double duty” as my predecessor. Bob is resigning from the DUAA board, but will remain active on the Justice Foundation board.

Leigh Schmalz '61 and Frank Cuzzi '61 have decided to resign from the board after many years. Both have brought a great deal of energy, support, and expertise, particularly in recruitment, to the chapter. We appreciate their service to DU.

Tony Cashen '57 and Fred Harwood

*Tony Murray '60 and Randy Shayler II '07—a great team.*

'59 are two others who have been the “best” during my seven years as president—always there day or night to pitch in or take on whatever needed to get done. Our success as the new DU is largely attributed to the active engagement of many alumni. I can't thank all of you enough for your time, dedication, and help.

I will continue to be active in DU, assisting Randy as needed while concentrating on the capital campaign and working with the entire team of volunteers.

This has been one of the most rewarding experiences of my life. I am extremely proud DU and my association with all of you. Thanks for a great run!

Tony Murray '60

## New Alumni President Looks To Build Future On Strong Past

Dear Brothers,

The next time you enter 6 South Ave., you will immediately see the unchanged environment you enjoyed as undergrads: the Great Hall with its mural wallpaper, wood columns, and grand piano.

Venturing beyond, you may notice careful combinations of new and old: new chairs at the old dining room tables, a rooftop patio adjoining the original porch, and a computer system alongside volumes from the 1800s in the library, to name a few.

The house, enhanced and established, current and customary, surrounding its

unchanged central area, is emblematic of the status of Cornell DU. We all have enjoyed the success of combining our two outstanding groups—the undergrads and the alumni. Working together while remaining connected to our unchanged central principles of brotherhood has produced much of our recent success.

As your president, I look forward to even better results from these combinations. I anticipate that all of us will work together to both “stay the course” and build upon the success of what Tony Murray '60 modestly referred to as “a great run.”

My many experiences with undergrads

and alumni over more than three decades of DU brotherhood—as well as my recent involvement with the chapter and board of directors—lead me to conclude we have a vibrant chapter with potential greater than that recognized by the recent awards.

I encourage each of you alumni to return to Cornell, to meet the undergrads, and to enjoy the benefits of DU involvement. You'll find the house and the chapter to be exactly the same as you remember them...and better!

# Capital Campaign Hits Halfway Mark

## All-Member Canvass To Be Launched In September

As of this issue of the *Noose*, we are excited to report that the leadership phase of the capital campaign has achieved its objective of raising one-half of its \$1.3 million goal. Since the beginning of the campaign in 2002, we have raised \$657,920 in pledges and contributions. Thanks to everyone who has worked and contributed to getting us there.

However, now the real work of completing the all-member canvass begins. Now that Tony Murray '60 has passed the reins of the alumni presidency over to Randy Shayler '72, he will be helping lead the all-important second phase of the capital campaign.

The already recruited brotherhood team noted below will join campaign steering committee members Rod Beckwith '57, John Hock '90, Bruno LaRocca '64, Bob Safford '56, and Nels Schaenen '50 to provide personal follow-up to the general mail

campaign that will be launched this coming September. Between now and then, we'll develop campaign materials and organize the solicitation effort.

We have 1,101 living alumni brothers according to our updated DU directory. We will aim to obtain the highest level of participation ever achieved in a Cornell fraternity campaign. If we do, we should reach our \$1.3 million goal.

If there ever was a time in DU's history when the alumni can be proud of their chapter, this issue's description of the achievements made over the past four years defines the moment.

Now we all need to ante up our capital campaign contributions to do our part to preserve the future of Cornell DU.

### LOOKING FOR LEGACIES

We currently know of five legacies coming to Cornell next fall: the sons of Tom Rakowski '72 and Kevin Bruns '79 and the younger brothers of Rich Scherer '07, Brandon Potter '09, and Lance Polivy '08, whose brother is transferring from Hobart. Other legacies in the chapter this year include: Casey Joyce '09; Whitney Cushing '09; Dan Honchariw '08; Greg Phillips '08; Nick Maione '08; and Randy Shayler '07. If you are aware of more legacies or know other good candidates who are coming to Cornell, please contact Alex Miglis '10, vice president of recruitment, at arm59@cornell.edu.

## A Message From The Incoming Chapter President

I am proud to have been elected new president of our chapter for the upcoming year. After serving on the executive board for the past year, I feel that I am prepared to lead the chapter to new heights.

Keeping that in mind, the bar was set high by the past executive board, and our chapter appreciates the work that was put in during the last year.

Our new executive board looks forward to working with the chapter's members in maintaining our strengths and improving our weaknesses.

Personally, I am pleased with the energy that our new executive board brings to the table. This past month, our chapter earned high honors at the IFC awards ceremony.

It will be the goal of the executive board to achieve these awards again next year as well as to build upon our success.

It is safe to say that Delta Upsilon is an elite fraternity at Cornell University, and our members will accept nothing less.

We look forward to the next school year and expect to excel in all aspects of our chapter—including rush, our social scene, maintaining the chapter house, and our excellent community service effort. Our chapter wants to firm up relationships with several sororities on campus and make sure to strive for the best pledge class

*Incoming President Michael Baxter '09 and outgoing President Randy Shayler '07 accept the IFC Outstanding Service to the Interfraternity Council Award from the IFC president.*

on campus.

Thank you in advance for your support, and the brotherhood looks forward to continuing the successful tradition of Delta Upsilon.

Michael Baxter '09  
Chapter President

## Undergraduate brotherhood remains strong

This issue of the *Noose* marks the end of an exceptional year and the beginning of another great one. As you read about our achievements, we hope you join in our tremendous pride for what DU has accomplished.

For the undergraduates, each year presents a new opportunity to bring DU closer to achieving its enormous potential. Next year is no different. With President Michael Baxter '09 at the helm, our chapter is in capable hands.

Mike's work as vice president of loss prevention has prepared him well to lead the brothers in another year's pursuit of excellence.

His rapport with the undergraduates, his steady leadership style, and his disciplined work ethic will help him achieve and exceed his goals.

At the same time, as we celebrate our success from the previous year, we remain mindful of the key factors required to keep us moving in the right direction in the future.

Over the past four years, many of us

witnessed DU gain momentum while other chapters stumbled. Our experience is proof positive that DU has developed a winning formula—one which centers on prudent leadership, supportive and dedicated involvement from alumni, and an unwavering commitment to driving DU forward.

It's safe to say that no one has been more committed to driving DU forward than Tony Murray '60. His dedication and passion for DU brotherhood is second to none. During my term as president, working with Tony was as much a privilege as it was an asset.

Success is a part of DU's long and illustrious history here at Cornell. DU's rightful place is among the top houses on the Hill. With continued commitment by all, as well as the steady hand of alumni involvement, DU will continue its success next year and for many years to come!

In Brotherhood,  
Randy Shayler '07

# DU Receives A Record Six University Awards

Outstanding Chapter Award

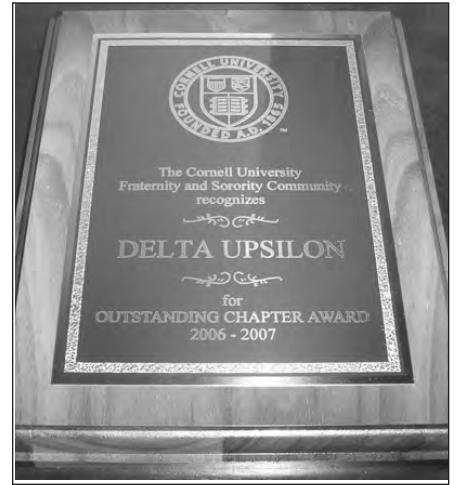

Outstanding Service to the Interfraternity Council

Outstanding Chapter Leader - Lance Polivy '08

Outstanding New Member - Andrew Heilmann '09

Outstanding Financial Management - Steve Shaner '08

Distinguished Service Award - Randy M. Shayler '72

Randy Shayler '72 accepts the Distinguished Service Award.

Winning Cornell's Outstanding Chapter Award is just one of the more recent events in a string of many proud moments during the last few years.

This award, as well as DU's strength, would not have been possible without the outstanding leadership of many of our brothers and friends. Our past undergraduate presidents, Greg Moore '06, Bart VanStekelenburg '06, and Lou Morga '07, did the heroic work of recreating the undergraduate chapter, along with the founding recolonizers and the 35-odd executive board members who have served throughout the past four years.

Alumni support has been at the very

core of our success. Tony Murray '60 and the entire alumni team have been a steady and venerable force though all of the ebbs and flows of our chapter's redevelopment. We are fortunate to have such dedicated and generous alumni who have invested so much in our success.

Achieving this recognition for excellence is exceptionally gratifying for all of us. In keeping with our core beliefs and our upward trajectory, I hope we take this award as mandate for continued success and the bright future that lies ahead.

Congratulations again to all, and hail Delta Upsilon!

Randy Shayler '07

Tony Murray '60, Lance Polivy '08, and Randy Shayler '07 accept the Outstanding Chapter Award from Susan Murphy, vice president for student and academic services.

# DU Initiates Strong Class of 16 New Brothers

On April 14, 2007, 16 outstanding young men were initiated as the newest brothers of Delta Upsilon Cornell.

Dan Gilroy '86 delivered the initiation charge and spoke of the benefits as well as the lifelong friendships that he has made as a result of DU. Randy Shayler '07, Lance Polivy '08, and I led the initiation ceremony, swearing a new class of men into the Delta Upsilon Fraternity. Parents, grandparents, and siblings were in attendance, as well as the active brothers and DU alumni. Initiation was the ultimate end to a great brotherhood preparation process.

The new member education program lasted eight weeks and had the goals of promoting camaraderie among the pledge class and preparing pledges for integration into the DU brotherhood. Adam Sackowitz '09 assisted me with the pledge process, which provided the associate members with a true sense of what it means to be a brother.

The first of such events was the annual alumni/pledge dinner at Banfi's Restaurant in the Statler Hotel. Tony Murray '60, Tony Cashen '57, Randy Shayler '72, and Bob Verna '68, were all in attendance at the dinner, and all spoke of the positive impact that DU had on their lives. The highlight of the evening was Randy Shayler's '72 presentation. Reliving a speech that renowned alumnus Bert Antell '28 gave to his class, Randy memorized the full names and hometowns of every pledge and marvelously connected their lives together with details and facts solely about their hometowns. Through pledging, the new members were introduced to the values and traditions that DU Cornell has always held, one of which being our philanthropic spirit. The pledge class philanthropy chair, Matthew Schmohl '10, led a very successful Valentine's Day flower sale and also helped to encourage participation in other events such as a phone-a-thon with sorority Delta Gamma (to raise money for the Cornell Annual Fund), Relay for Life, Cards and Cookies, and our annual

Lance Polivy '08 and Andrew Heilman '09, pledge president, at initiation.

Easter Egg Hunt. Athletics was also an important part of the pledge process, as pledges participated in DU intramural basketball, hockey, bowling, indoor soccer, innertube water polo, badminton, and softball.

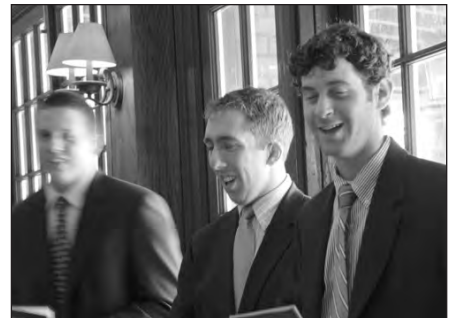

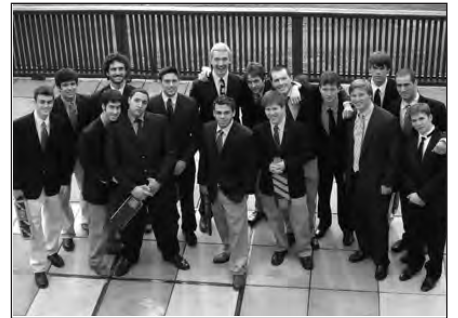

Andy Brown '10 led the pledge house improvement project that consisted of the continued renovation of the basement, restorations to the tool room and the laundry room, and the construction and hanging of several shelves.

Andrew Heilmann '09 was a conscientious and enthusiastic pledge class president and made extraordinary efforts at his position despite a heavy load of school work and extracurricular responsibilities. Recently, several new members were elected to exec board positions, a clear tribute to the pledge process. As a whole, the pledge class is well-rounded and outgoing, and each and every one of them will make great Delta Upsilon brothers.

Dan Schwarber '09  
Vice President New Member Education

Dan Gilroy '86 delivers the initiation charge.

Dan Schwarber '09, Randy Shayler '07, and Lance Polivy '08 lead the ceremony.

## DU Enhances Its New Member Education Program

With the assistance our faculty adviser, ILR professor Dr. Tove Hammer, we conducted two key events in 2007: the first annual faculty tea on April 15 and a presentation by world-renowned psychologist Dr. James Mass the following afternoon. Both events were well attended and received positive feedback from the brotherhood.

At the faculty tea, ILR Dean Harry Katz remarked about the cleanliness of the house and friendliness of the brothers with whom he conversed.

Dr. James Maas talked about the importance of sleep. His class, psychology 101, is largest class on campus (with over 1,700 students), and he gives very few guest lectures each year. We were lucky and honored to host him at DU.

*(continued on page eight)*

## Brothers Remain Committed To Philanthropy

This past spring, DU once again had an excellent record for philanthropy, hosting three events. The university minimum is one event per semester, so conducting three is in itself quite an accomplishment.

For Cards and Cookies, we teamed up with the sisters of Kappa Alpha Theta to make Valentine's Day cards and cookies for the Oak Hill Manor Retirement Home. More than 30 brothers and 25 Theta sisters made over 90 cards and 130 cookies, many more than last year. The care manager at Oak Hill said she had never seen such efforts taken by the Greek community.

Our new members carried on the tradition of throwing their own philanthropy project—the annual Valentine's Day flower sale. All 16 new members participated and sold over 600 roses and carnations, raising \$900—\$100 more than last year—for the Ithaca Family and Children's Services of Ithaca. The organization's president and CEO, James G. Johnston, expressed his "deepest gratitude" for DU's financial contribution and our efforts to raise general awareness of family and psychological issues that the organization addresses.

The Easter Egg Hunt achieved 100 percent brotherhood participation and brought in a new co-host, the sisters of

*Mike Alberico '09, Michael Kress '10, and Erik Jerrard '10 help children from the Ithaca Youth Bureau at the Easter Egg hunt.*

Kappa Phi Lambda, an MGLC sorority. Over 35 children from the Ithaca Youth Bureau came for the event, marking an increase of over ten children from last year's event. Director of Weekend Activities Joe Gibson said that this number reflected the satisfaction of both children and parents with the fun and safety that DU provides. Needless to say, we

were honored to hear this praise of the brotherhood.

We aim to maintain the positive image we have created for DU in the community and will continue to build upon it in the future.

Jonathan Ray '09  
Vice President Philanthropy

## Treating 6 South Ave. With Care

The house is in great condition. All of the brothers—especially the newly initiated members—have been helping out and sharing the responsibilities of keeping the house clean.

Every pledge class is responsible for planning and executing a house improvement project. This pledge class chose to improve the status of the tool room and construct shelves for the laundry room. The class also built a

table, stained it, and painted two Delta Upsilon monograms—one on each side—in gold and blue. This table will be a great addition and will have various uses for the house.

Outside, the horseshoe pits that were fixed up during pledging are being used almost every day, and we have weekly cookouts on the back porch.

As of this writing, with summer approaching, the brotherhood will

keep the house looking great. A group of 12 brothers will be living in the chapter over the summer as they take courses or summer jobs in Ithaca.

We sincerely appreciate the alumni for all of the work and financial support they put into 6 South Ave.

Casey Joyce '09  
House Manager

## DU Says Goodbye To Its Resident Adviser, Welcomes New RA

We have been fortunate this year to have Jared Goodman, MBA '07, as our resident adviser—one of only three RAs in fraternities at Cornell this year.

Jared felt the keys to his success were to treat the brothers with respect and to work hard to fit into the social diversity of our chapter. We appreciated his knowledge and advice, particularly in career management.

This year, Jared became a legend in

the Johnson School by arranging a trip to meet with Warren Buffett in Omaha on April 20. He was also voted a top portfolio manager by his peers. Jared is from York, Pennsylvania, attended USC where he was IFC vice president, and is joining UBS's equity research division.

While we will miss Jared, we have recruited another outstanding RA for 2007-2008.

*Jared Goodman with Warren Buffett.*
